

Darien Police Department Annual Report

The mission of the Darien Police Department is that of service and safety. The Darien Police Department takes our oath to uphold the law and serve our community seriously. The means by which safety is ensured and service provided may be achieved by different methods which include not only suppression (arrests for criminal acts that have already occurred), but prevention strategies. Prevention and suppression strategies must fit within the confines of appropriate values and principles.

We also take the philosophical approach to policing called problem-oriented policing whereby problems are solved and service provided. Our philosophy is to correct a situation by analyzing it and come up with a permanent fix which may or may not include an arrest or ticketing. In 2022 we are transitioning to assign officers to a specific geographic patrol zone (beat accountability), where individual officers are assigned a specific zone on each shift to ensure that each zone on each shift is protected and served. By placing an officer permanently in a zone s/he is going to know the neighborhood, including businesses, people, homes, etc. better.

Mission Statement

The mission for every member of this department is to consistently seek and find ways to affirmatively promote, preserve and deliver a feeling of security, safety and quality services to the members of our community in addition every member of this department is to consistently work with and promote cooperation within other city departments.

Part I Violent Crime

The amount of violent crime increased in 2021 as compared prior years looking back at one year (no change), five years (100% increase) and ten year (25% increase). There were ten reported violent crimes in 2021. With such small frequency of violent crime any change looks like a substantial percentage change.

<u>Crime Type</u>	<u>YTD 2021</u>	<u>YTD 2020</u>	<u>YTD 2016</u>	<u>YTD 2011</u>	<u>1 Year Change</u>	<u>5 Year Change</u>	<u>10 Year Change</u>
Murder	0	0	0	1	0.0%	0.0%	-100.0%
Sexual Assault	3	2	1	2	50.0%	200.0%	50.0%
Robbery	1	4	2	3	-75.0%	-50.0%	-66.7%
Assault & Battery	6	4	2	2	50.0%	200.0%	200.0%
Violent Crime	10	10	5	8	0.0%	100.0%	25.0%

Part I Property Crime

Property crime saw some good reductions. Darien residents witnessed a 13.3% decrease in total property crimes driven by a 26.7% reduction in Burglary and 18.1% decrease in Theft. Of the 22 cases of Burglary, 10 cases were cases of Residential Burglary.

Burglary to Motor Vehicles were down with 26 occurring in 2021 compared to 48 in 2020 a decrease of 45.8%.

Unfortunately, Motor Vehicle Theft saw a 325.0% increase or 13 more cars stolen in 2021 compared to 2020. It is extremely important for residents to remember to lock vehicles and take the keys out of the car. There are a number of things the public can do to protect themselves. Of

the 17 MVT four were taken because the offenders were able to clone the fob, five had the car unlocked and the key was in the car, only two had forced entry, one was towed from the driveway and one had the keys taken in an unrelated situation and the key used to take the car.

<u>Crime Type</u>	<u>YTD 2021</u>	<u>YTD 2020</u>	<u>YTD 2016</u>	<u>YTD 2011</u>	<u>1 Year Change</u>	<u>5 Year Change</u>	<u>10 Year Change</u>
Burglary	22	30	47	57	-26.7%	-53.2%	-61.4%
Theft	163	199	293	294	-18.1%	-44.4%	-44.6%
Motor Vehicle Theft	17	4	10	17	325.0%	-70.0%	-0.0%
Arson	0	0	1	1	0.0%	-100.0%	-100.0%
Property Crime	202	233	351	369	-13.3%	-42.5%	-45.3%

Total Crime

Total crime is simply violent crime and property crime added together. Because of the decreases in property crime overall Part 1 crimes are down 12.8% from 2020, down 40.4% from five years ago and down 43.8% from ten years ago.

<u>Crime Type</u>	<u>YTD 2021</u>	<u>YTD 2020</u>	<u>YTD 2016</u>	<u>YTD 2011</u>	<u>1 Year Change</u>	<u>5 Year Change</u>	<u>10 Year Change</u>
Violent Crime	10	10	5	8	0.0%	100.0%	-25.0%
Property Crime	202	233	351	369	-13.3%	-42.5%	-45.5%
Total Crime	212	243	356	377	-12.8%	-40.4%	-43.8%

Total crime has shown a steady decline from 2014 to 2018. It then levels out with a little upswing. For 2021 we have the lowest reported crime in ten plus years.

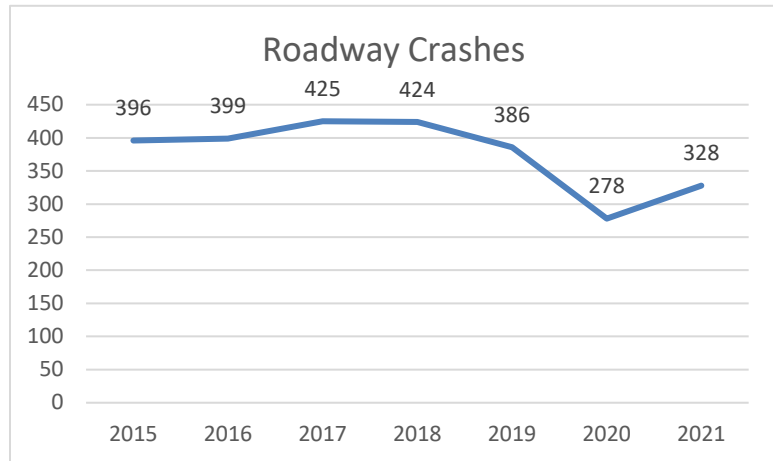

Other Crime

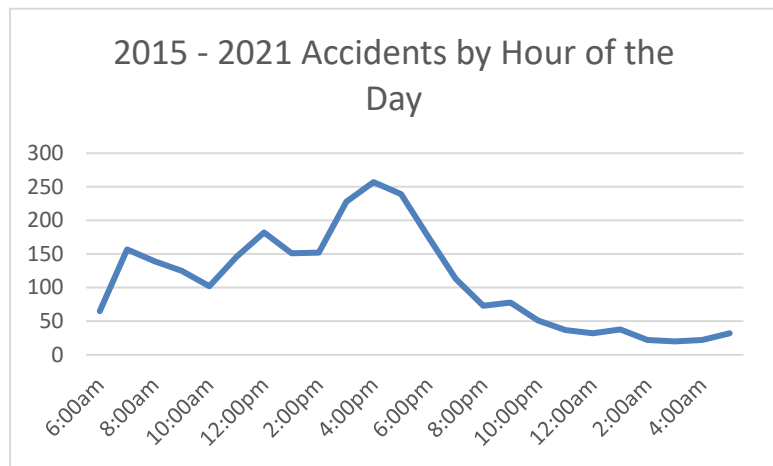

Nuisance type crimes (criminal damage to property, criminal trespass to property, disorderly conduct, etc.) increased 23.1%, but 2020 was an odd year due to COVID. Part 2 crimes are down 35.5% over five years and 27.3% over 10 years. Unfortunately Domestic Battery cases have increased 7.5% from last year.

Traffic Crashes

The safety of the driving public is important. The measure of safety for the driving public is measured by traffic crashes on public right-of-ways. Darien saw an 18.0% increase in accidents 50 more crashes on the public way in 2021 compared to 2020. However, due to 2020 being a COVID year it is more difficult to track how we're doing to make Darien streets safe to travel. Taking the average (409 crashes of the prior five years (2015, 2016, 2017, 2018 & 2019) compared to 2021 Darien saw a 19.2% decrease in traffic crashes.

Two major issues that continue to be causal factors for crashes are distracted driving and aggressive driving. The elimination / reduction of these violations would significantly reduce traffic crashes. Officers' enforcement of distracted drivers increased 26.7% in 2021 compared to 2020. Moving violations went up by 27.3%. Enforcement is appropriate and will continue, but real change will come with voluntary compliance with the rules of the road by drivers.

DUI Enforcement increased significantly 61.4% from 44 arrests in 2020 to 71 in 2021.

Next chart reflects intersections with the frequency of accidents at those locations. In order for an intersection to be placed on this list the intersection had to have more than two accidents, on average, over the time period of 2015 through 2021.

Top Crash Locations – 2015 to 2021

<u>Primary Street</u>	<u>Intersecting Street</u>	<u>Total</u>	<u>Per Year</u>

COMMUNITY-ORIENTED POLICING

Each day our officers are involved in the community in various activities totaling hundreds of hours.

- Officers Dollins, Milazzo and Hruby presented information to over 100 children on topics of: uniforms (things we carry), 9-1-1, “Stranger Danger,” gun safety, seatbelt safety. The children were able to view a squad car and tour our police department building. The children also enjoyed a K-9 demonstration.
- Unfortunately, once again our “Shop with a Hero” program had to be canceled due to COVID. Shop with a hero is an opportunity for less fortunate children to interact with police and fire personnel who donate funds and time as well as corporations donating funds to give some extra happiness during the holidays.
- We had 26 employees participate in Movember raising \$1,280 for men's health issues, such as prostate cancer and testicular cancer.
- An Elderly Services Officer gave a presentation to the senior group at Lord of Life Church.
- We had good participation by officers and the public in our National Night Out event in August. Approximately 150 people attended and interacted with officers Dollins, Noga, Jairala, Somogye, Parris, Milazzo and Sergeant Jump.
- Sergeant Lorek and his children participated in St. Baldrick's where individuals raise money for childhood cancer by shaving their heads.
- Officer Dollins joined Woodridge Police Department in their Cop on Top event in August. Cop on Top is a fundraising event for Special Olympics.
- Several members of the police department (Norton, Lorek, Skweres, Dollins, Kosieniak, Jairala, Hruby, Hellmann, Keough, Somogye, Yeo and Wiggins) participated in October with a Coffee with a Cop event. We're appreciative of McDonalds for supporting the event. Coffee with a Cop is designed to bring officers and community members together over coffee to discuss issues and learn more about each other in an attempt to break down the barriers between police and the community.
- In November officers Dollins and O'Brien participated in the Halloween Walk that was hosted by the Lions Club at the Sportsplex. The officers spoke with the children and took pictures with them.
- Several members of the police department (Norton, Lorek, Hruby and Dollins) participated in the Chicago Police Department's Run to Remember event. This event raises funds to support families of fallen and catastrophically injured Chicago Police Officers.

The police department continues to be proactive in trying to keep crime down including Vacation House Watches. We checked on nearly 200 homes over 1,300 times while the owners were out of town. Additionally officers continue to make school visits and monitor Community Park.

HONOR

We conduct our due diligence completely to hire the best. Officer candidates must pass a rigorous hiring process that includes: application, orientation, physical fitness testing, written testing, structured oral interview, polygraph, psychological, background investigation, medical examination and drug testing. Once hired the officer must attend and pass a fourteen week basic academy, sixteen week intensive field training and evaluation program and one year of probation. We are confident that we have done our best to hire people of very high character and once hired to train personnel, and continue to train personnel. We are dedicated to insure personnel are very competent in the handling of police and service duties. To meet this requirement we implemented a 40 hour continuing education program, on top of what has already been accomplished in terms of training.

Employee Recognition

There were 33 positive compliments submitted about employees in 2021, 25 of them from citizens and 8 from other agencies. There were another 33 letters of appreciation from citizens to our officers. Management issued 11 commendations for conduct above and beyond “normal” duties. Officer Cachro received a lifesaving award for an incident he responded to in the 7900 block of Hedgewood Drive to assist an ambulance where a subject was having a seizure and not breathing. Officer Cachro was unable to locate a pulse so he moved the patient from between a wall and a bed to a location where he could begin chest compressions until Darien-Woodridge Fire Department arrived. The patient was transported to Good Samaritan Hospital by paramedics. Later we were advised the patient was in a coma for four days, had ninety-nine percent blockage in his left ventricle, but luckily suffered no brain damage. According to the patient’s doctors, without Officer Cachro’s quick lifesaving efforts the patient would not have survived the medical emergency.

Officers Hruby, Noga, Somogye and Jairala earned recognition from the Alliance Against Intoxicated Motorists (AAIM) for their exceptional DUI enforcement efforts.

Employee Discipline

We want to make sure we are honorable and continually earn the public’s respect and trust as we respect and trust the public. Therefore we do not shy away from investigating complaints against personnel. We have well trained and strictly vetted officers who understand and live by their oath of office and oath of honor which states,

On my honor, I will never betray my integrity, my character or the public trust. I will always have the courage to hold myself and others accountable for our actions. I will always maintain the highest ethical standards and uphold the values of my community, and the agency I serve.

With over 15,000 interactions some of which resulted in an arrest (over 260), or ticket (over 8,400) or other form of behavior modification we received eight citizen complaints, one for use of force, one for discrimination and six for standards of conduct. Each case was thoroughly investigated resulting in six cases being unfounded. Unfounded means the act did not occur. One case was exonerated, meaning the facts occurred as alleged but were lawful and within policy. One case

was unsubstantiated meaning we were unable to determine with a preponderance of the evidence that the situation occurred. Because all the cases were not sustained there was no discipline issued on any of the eight cases. There were eleven situations where a supervisor found it necessary to write a formal complaint against an officer. Those cases resulted in nine sustained violations. Of those nine sustained violations seven resulted in a written warning and two in suspensions. One case was unsubstantiated and one case was exonerated.

Formal Administrative Review process was implemented investigating all accidents, pursuits, use of force and unusual occurrences. A sergeant has to conduct an investigation and write a report on his/her findings if any of the listed incidents occur. The outcome of the Administrative Review can be “in compliance” with law and policy or “not in compliance.” If there is a finding of not in compliance, a formal performance complaint investigation is conducted.

Use of Force

Officers found it necessary to use force during 14 separate encounters with a total of 28 officers involved. After review, the officer’s actions were found to be in compliance. In thirteen of the use of force situations police were attacked or their attempt at an arrest was resisted by the use of personal weapons (hands, fists, feet, spit, etc.) and in one situation the subject was armed with a knife.

Officers in response to the resistance encountered during an arrest / lawful objective responded with a controlled and proportionate level of force. In one situation an officer targeted an offender with a Taser, but the officer did not use the Taser. In one situation the offender was targeted with a gun, but police did not fire their weapon. In one situation OC Spray was used. The remainder police use personal weapons to control the situation.

PERSONNEL

Retirements & Promotions

There were no retirements in 2021, but we did have two Community Service Officers (CSO) resign to move onto other career opportunities. Cody Esparza was sworn in as an officer for the City of Chicago. Theresa Estrada opted to continue her law enforcement career, but full time records clerk. We wish them luck in their new positions.

There were no promotions in 2021.

New Hires

We appointed two new officers to the Darien Police force in 2021.

We hired Christopher Oplawski as an officer on January 18, 2021. Chris graduated from Willow Brook High School in 2014. He has been a member of the Illinois Army National Guard since 2016. Christ received his Law Enforcement Certification in May of 2021. His father and brother are both law enforcement officers.

Kristopher Dlugopolski was hired by us on November 15, 2021 as an officer. He earned a Bachelor of Arts degree in Criminal Justice from Lewis University with a minor in Psychology in 2014. Kris received his Law Enforcement Certification in August of 2019. He had previously worked as a police officer for with the Park Forest Police Department then the Glendale Heights Police Department gaining a total of two and a half years of police experience.

We also hired two part-time Community Service Officers (CSO).

CSO David Wiggins was hired on May 14, 2021. In 1987 he earned his EMT II Advanced Certificate from Harold Washington College. He was employed by the City of Chicago as a paramedic for 24 years. Dave and his wife are Darien residents since 2014.

CSO Jade Niedzwiedz was hired on August 18, 2021. She graduated from Downers Grove South High School in 2021. She is currently pursuing an Associate of Arts degree in Criminal Justice from the College of DuPage. Prior to starting with us she was employed as a retail sales associate.

Transfers

Task Force Officer Brette Glomb completed his nine year assignment to the Drug Enforcement Administration (DEA). During his time there he was involved in several operations, made numerous arrests, seized large quantities of drugs and seized proceeds from drug dealers and gang members so the drug cartels and the gangs could not profit from their illegal operations. It is estimated in the nine years Officer Glomb was with the DEA he was able to secure \$1.2 million in seized funds. We were very happy to welcome Officer Glomb back as a patrol officer where we're sure he will be able to use the skills learned and developed during his assignment with the DEA to further his ability to provide safety and service to our community. A patrol officer was reassigned to the DEA. Our hope is the officer, like Officer Glomb, will gain valuable skills to compliment the work the DEA performs and in time bring those skills back to Darien.

Detective Jeff Simek spent five years as a detective, though he did a great job as a general detective, he excelled in cases that involved child pornography, internet fraud and crimes where cell phones were used in the commission of the crime or recorded information about criminal activity. We will continue to use Officer Simek's expertise in cell phone extraction. From 2017 through 2021, Jeff worked several high profile cases including a double murder-suicide, a drug induced homicide leading to an arrest, a home invasion with an arrest, two major child pornography arrests and an aggravated arson to an apartment with an arrest. Patrol officer Jennifer Dollins was transferred from patrol operations to the investigations division to replace Officer Simek. We believe Detective Dollins will be a great asset to the Investigations Division.

ORGANIZATION

Generally

Our patrol division provides complete police coverage throughout the city all throughout the year.

We continue to have an investigative division that includes, detectives, a School Resource Officer (SRO) and an officer assigned to the Drug Enforcement Administration (DEA). The detective unit

investigates criminal offenses, fatal / near fatal accidents, missing persons as well as other issues. Our SRO is not in the school to arrest offenders, though he can, most of his day is spent on positive interactions with students. In fact the SRO only made one custodial arrest in the four years at Hinsdale South High School.

We reorganized the police department in June of 2020. At that time, instead of replacing the administrative commander we eliminated that position along with the administrative aide position and created an Administrative Manager position. The Administrative Manager is a non-sworn position that assumed many of the administrative tasks that used to be performed by a commander. Additionally a sergeant was put in charge of the investigations division. Now there are only two sworn administrative positions, versus three, five sworn supervisory positions versus six. The change added two patrol officers to response to calls for service and allows us to be more proactive in our policing efforts. This organizational change also saved taxpayers money.

The creation the detective sergeant position has allowed us to more quickly investigate reported crimes. Prior to the change we had nearly 800 cases backlogged, now it is zero. The detective sergeant reviews all reports on a daily basis and assigns them immediately for investigation.

We created 12 hour shifts. Prior to permanent shifts officers would pick days off every 28 days. Now officers know their schedules for a full year. We created “early car” assignments in which officers come in an hour prior to their normal start time and end their shifts an hour earlier. Early reporting assignments allowed us to overlap shifts so not all patrol officers are ending and beginning their shifts at the same time leaving the city unprotected during shift changes.

Drug Enforcement Task Force

The officer assigned to the DEA task force has done a great job being involved in major drug cases in and around the DuPage County area making numerous arrests, taking large amounts of drugs off the streets and seizing \$871,179 in cash drug dealers would have profited from their illegal activities. There were no distributions of seized funds in 2021.

Canine Unit

In 2021, the Darien Canine Unit responded to a total of 68 calls for service. Of the 68 calls for service, 39 were generated within Darien. The Canine Team was responsible for:

- 24 Alerts for Cannabis – seizing of 1.9 Kilos of Cannabis
- 5 Alerts for Methamphetamine – seizing of 18.97 Kilos Methamphetamine
- 2 Alerts for Heroin – seizing of 7 grams of Heroin
- 1 Alert for Cocaine – seizing of 186 grams of Cocaine
- Seized 15 drug paraphernalia items
- Recovered 1 gun
- Located 3 people during searches
- Seized \$397,570.00 in cash

The team assisted numerous agencies including, Drug Enforcement Agency (DEA), Metropolitan Emergency Response and Investigations Team (MERIT), Illinois State Police (ISP), Woodridge,

Elmhurst, Lisle, Westmont, Bolingbrook, DuMEG, Villa Park, Wheaton, DuPage County Sheriff Office (DCSO), Downers Grove, Naperville, Lombard and Glendale Heights.

For the first four months we had two K9 Units – Niko and Axle, however, on April 20th Canine Niko retired and was able to live with this canine handler, Officer Hruby and his family. Axle and his handler, Officer Milazzo, continue to be a strong team for the Darien Police Department.

Juvenile Matters

The Peer Jury program, an alternative to juvenile court, is for first time offenders who committed a non-serious offense. High school juniors are selected for a two year term to participate as jurors of the program. We did not utilize the Peer Jury program in 2021 due to very few juveniles being arrested (7) and none of the juveniles needed to use the Peer Jury program.

Numerous officers are trained as juvenile specialists to help underage persons are led away from crime and issues that would harm them.

DuMEG Partnership

There are numerous functions and attempts to curtail the ills of narcotics through enforcement, education and seizing of funds that were gained through illegal operations.

DuMEG conducted 245 cases with 172 arrests. Heroin & fentanyl accounted for 15% of cases cocaine 24% of cases, cannabis 31% of cases and meth 5% of cases. Other drugs and weapons accounted for the remainder of their work. DuMEG did not open any drug related cases in Darien.

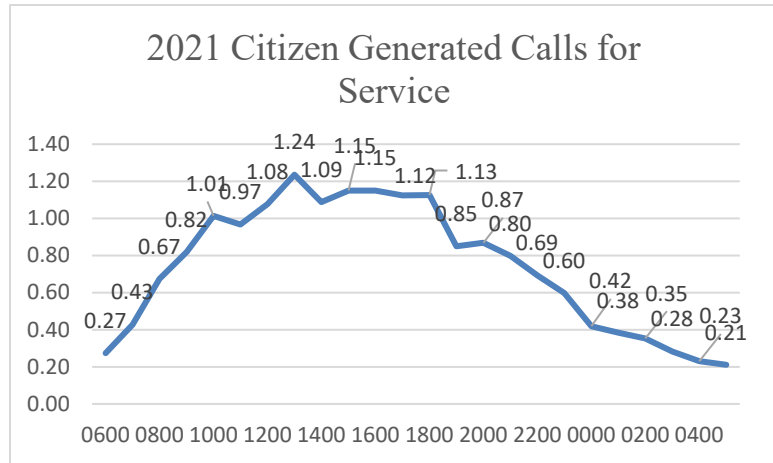

Secured in the lobby of the police department is a vault where members of the public may turn in drugs they no longer need. There were 382 pounds of pills deposited in 2020 and 298 pounds in 2021. Packaging, vials, etc. are not allowed. Drugs are placed into plastic bags and deposited in the vault. Each day the vault is emptied and the drugs turned over to an agency who destroys the drugs in an eco-friendly manner. The CDC show there were over 100,000 drug overdose deaths in the United States during 12-month period ending in April 2021, an increase of 28.5%. Getting drugs off the street hopefully will play a part in the decrease in the number of overdoses.

9-1-1 Services

DuCOMM continues to be a great partner managing calls for service. Merging 9-1-1 centers was required by statute, but it was also good financially. Police chiefs, for the most part, remained in charge of governance.

Darien had their own 9-1-1 center housed in the police building and we dispatched for Lisle as well. Looking at an old budget we used to pay over \$400,000 for 9-1-1 services in 2005. Accounting for increased costs over those sixteen years Darien would be paying over \$500,000 annually. For the Fiscal Year Ending 2023 we budgeted \$430,000 for 9-1-1 services. Additionally the partnership allowed for economies of scale in a number of different areas such as radio systems, telephone systems, computer aided dispatch (CAD) systems, software, hardware, etc.

DuCOMM receives funding from the Emergency Telephone System Board (ETSB). This helps defray a significant portion of the cost to operate the 9-1-1 center. It is important to protect the amount of taxes, taxpayers pay and we need to provide a good a return on their investment. Having DuCOMM responsible for 9-1-1 services meets that goal.

DuCOMM managed 6,501 citizen generated calls for service. A citizen generated call when a member of the public calls into DuCOMM whether dialing a 10 digit number or 9-1-1 and want police, fire or emergency medical services. DuCOMM operators managed 8,885 officer initiated calls for service. An officer initiated call for service can be created by an officer calling DuCOMM from his portable radio or creating a call for service utilizing the computer in his/her squad car. Officer Initiated calls for service are proactive situations where officers are trying to accomplish goals of problem reduction.

MERIT

The Darien Police Department is a partner with the Metropolitan Emergency Response and Investigations Team (MERIT). We used MERIT on eight occasions in 2021. They included utilizing the Crisis Negotiation Team twice, the Digital Forensics Unit three times, the Major Crash Reconstruction Team two times and the Special Weapons and Tactics team once.

Evidence

An audit of guns, money and drugs was conducted. The audit showed all items were properly logged and accounted for with no discrepancies. At the conclusion of the audit 33 firearms were turned over to a company that pulverizes firearms scheduled for destruction. The company video records the destruction of these weapons and is sent to our department which is retained as evidence of the destruction of these firearms.

Once again the department used the drug incinerator that was purchased in 2018 to destroy numerous drug items. In 2021 property managers burned or otherwise destroyed 309 grams of marijuana, 40 small packets of marijuana, 1 container of cannabis oil, 44 pieces of miscellaneous drug paraphernalia, 28 unidentified pills and 29 packets of cocaine. Drug burns are conducted per department policy which includes the requirement of multiple property room officers in attendance during the destruction of any items. All property officers in attendance sign off on a paper copy documenting each item destroyed and they then update all items in the evidence database.

There were 1,202 pieces of evidence collected in 2021 of which 199 items sent to the lab for analysis.

Training

Due to COVID a number of training sessions officers would have attended were canceled. Even with canceled classes and issues faced during 2021 officers attended 722 training courses for a total of 3,285 hours of training. Officers are compliant with the State mandated training topics. For 2022 we plan on implementing a 40 hour continuing education program.

Building & Grounds

After several years of addressing issues with the building no major changes occurred in 2021.

Equipment & Technology

No major equipment or technology advances were made in 2021.

Citizen Complaints – Directed Patrols

We use track citizen complaints on various issues. See below chart for the locations residents informed us about regarding a situation and how we responded.

<u>Date</u>	<u>Subject</u>	<u>Location</u>	<u>Frequency</u>	<u>Time</u>	<u>Citations</u>	<u>Warnings</u>	<u>Stops</u>
